ACHIEVEMENTS

First ICT winner at NITDA(National information technologies development agency)

Recognized as the 'Overall Best Student of the Year' by NITDA for proficiency in Microsoft Word, PowerPoint, and Excel, and for mentoring junior web developers. Successfully leveraged these skills to secure my inaugural developer position at Kuagi, performing at an exceptional level.

improved my learning at CS50 with the basic of introduction to computer science

by designing and fully revising the two largest MySQL databases, Python, algorithms, data structures, Web development and frameworks like react, boostrap, tailwind, and others.

Developed an E-Commerce project with Strapi serving as the backend. And other small applications projects

I was delighted as it was one of the most challenging projects I've ever undertaken, utilizing Tailwind CSS, React, and React Router.
